SI 335 Spring 2012: Project 6 Coversheet

Your name:

Written Due: Wednesday, 18 April, before class
Electronic Due: Wednesday, 18 April, 11:59 pm

Instructions: Review the course honor policy for projects. In particular remember that absolutely no written collaboration is permitted.

Fill out the *left column only* in the table to the right ("self-assessment"), as well as the questions below, and attach this page to the front of your project before submitting.

For each part of each problem, give yourself a score on how *confident* you are that your solution is correct, and how *clear* you were in presenting your solution.

- **5 (Very confident)**: Correct and clear solution
- **4 (Moderately confident)**: Mostly correct and clear
- **3 (Somewhat confident)**: Some flaws
- **2 (Little confidence)**: Some parts correct
- **1 (No confidence)**: Not much progress
- **0 (Nothing of value to show)**

Problem	Self-assessment	Final assessment
1		
2		
Program Correctness		
Program Efficiency		

What did you learn the most from?

What would you change about this project?

Any comments or suggestions for the instructor?

Classmates you discussed the project with:

Other sources of collaboration besides the textbook and course notes (i.e., web sites):
